

HEAR FROM BECKY'S CLIENTS

PROFESSIONAL DEDICATED AND SOLUTIONS ORIENTED AGENT

Becky well-exceeded all of my expectations for the purchase and sale of my assets at Mountain Air. She makes everything flow, is results-oriented, and a problem solver. Truly one of the best experiences with a broker I have ever had.

MOUNTAIN AIR EXPERTISE

We chose Becky to represent us in the purchase of a Mountain Air condo because she focuses entirely on Mountain Air and has deep experience in the community. Her knowledge of the community, the units we viewed, the process to get from offer to closing, and the follow-up afterwards was just what we needed. She was quick to respond to questions, advise and on top of the details. She went the extra mile to help us both in-person and remotely, including after closing. Becky is terrific.

TERRIFIC BUYING EXPERIENCE

We had known Becky for several years prior to finally purchasing a home at Mountain Air. On each visit to the community, Becky was incredibly patient as we learned more about the home types, lots, and elevations that available properties offered. Becky's knowledge of the community and homes is second to none and has great relationships with the residents living on the mountain, which was comforting as we were able to meet with those who also went through the buying experience. With Becky's help, we finally purchased a home and are thrilled to be part of the Mountain Air community. The closing was seamless, and I suspect most transactions with Becky have a similar result. This would have been a much more difficult decision if we did not have Becky to rely on for expert real estate and community knowledge supporting our buying experience. We highly recommend Becky for any real estate transaction and are happy to be a reference for future homeowners.

KNOWLEDGEABLE & PROFESSIONAL

Becky's wealth of knowledge about this market proved invaluable. It took us about 4 years to actually find the property that fit all our needs. Becky was with us the entire time. She made herself available to show properties when we asked and consistently kept us aware of new listings. Her professionalism throughout this journey was exemplary.

MOST EXPERIENCED AND PROFESSIONAL REALTOR

Becky Stiles is the most professional, knowledgeable, and attentive realtor that we have had represent us, and we highly recommend her. She knows how to market a property in a way so that it sells quickly. She also is an expert in finding just the right property for those who are looking to buy. It was a pleasure doing business with her.

5 Star Review submitted by Seller - 2023

SIMPLY THE BEST

Becky was a pleasure to deal with and was one of the very best we have ever used. She was very knowledgeable of the local market, she didn't "oversell" the houses we looked at with her, and most importantly, she helped us immensely after we were under contract to find the right people to help us post-closing for a smooth transition in ownership.

5 Star Review submitted by Buyer - 2023

EXPERIENCE MATTERS

Becky Stiles is an experienced and stellar real estate agent. While our lives changed course, and Mountain Air was no longer an easy "home away from home" for us, Becky was the natural choice to list our property. She represents Mountain Air well, and we actually sold our home during the most recent interest rate hikes, and in January no less! Thank you Becky!

It's been a pleasure!
